PRICE LIST

EAST ROCHESTER NURSERIES

DAVID T. WAGNER, Proprietor

Office and Packing Grounds:
1012 South Main Street
East Rochester, N. Y.

Nurseries: East Rochester, N. Y.
Pittsford, " "
East Penfield, " "

EFFECTIVE JANUARY 1ST.

THIS LIST SUPERCEDES ALL PREVIOUS LISTS

READ CAREFULLY BEFORE ORDERING

Reliability. I have been actively engaged in the growing of high grade Nursery Stock since 1892, and am in a position to say that my stock is as good as can be grown, other Nurseries may have just as good but none better. We grow all our stock in Monroe Co. (The Garden Spot Of N. Y. State) and it will thrive in any section of the U. S.

I spend the entire season in the Nurseries personally supervising the growing of the stock, and all trees are budded from bearing trees.

I make no substitutions unless authorized, and all stock is labeled absolutely True To Name.

References. Duns or Bradstreets, or any bank or business house in East Rochester, and upon request will send you the names and addresses of people in your locality who have been regular customers from year to year.

HOW TO ORDER. Please write orders on accompanying order blank, and be particular to specify just what is wanted. If you are in doubt as to whether your stock should go forward by express or freight you may leave it to us and we will use our best judgment. Small packages can be sent at less expense by parcel post. All orders must be accompanied with Cash, Money Orders, Checks or Drafts, and all orders are acknowledged upon receipt of same. We do not pay transportation charges but give you the benefit in our very low prices. We will allow 5% discount on your order if received within 15 days of date stamped at the top of the order blank which accompanies this price list.

PACKING. We make no extra charge for packing, and exercise the greatest care, so that the stock reaches you in splendid condition, we have yet our first complaint to receive upon stock not properly packed.

SHIPPING SEASONS The spring season usually commences here about March 1st. and continues until about May 15th. Our fall season commences about October 1st. and continues until the ground freezes. We commence making southern shipments about Jan. 1st. If an order is to be shipped at a specified date notice should be given on the order blank and we will comply with the request if the weather permits.

RATES. 5 of the same variety at 10 rates. 50 of the same or different varieties where not less than 10 of each kind is ordered at the 100 rates. 500 or more at the 1000 rates.

Send in your orders early as they are booked in the order received.

A Certificate Of Inspection Accompanies Every Order.

All we ask is a trial order, and we know that you will be an advertising customer of ours

We sell at wholesale direct to the planters, thereby cutting out the middleman's profit.

SOME THINGS WORTH CONSIDERING

1st. We do not pay transportation charges, but make our prices as low as possible, and by comparing our prices with firms that do, you will see that we are saving you money.

2nd. We do not make any mistake when we say "That our stock is as good as any, and better than many."

3rd. We advance Parcel Post Charges, and send you bill for same when goods are mailed, all packages four ft. and less can go by Parcel Post.

4th. Read our guarantee on the Order Blank.

5th. Early orders are sure of getting filled in the entirety, as later in the season shortages are sure to exist in many articles.

Get in Early.

6th. Some Catalogues are more profusely illustrated than ours, but who pays for it. Study Our Prices Carefully and act at once.
